

# 2024 BISS IN BRIEF

## CONTINUING OUR MISSION -STRENGTHENING SWEDEN'S ROLE IN BIG SCIENCE

Throughout 2024, Big Science Sweden (BiSS) has continued to deliver on its mission - to strengthen Sweden's presence and competitiveness in the international Big Science landscape.

By sharing insights into upcoming procurements and facility needs, supporting collaboration across Sweden's Big Science ecosystem, and providing direct connections to international research facilities, we ensure that Swedish industry and academia are well positioned to engage.
